

Cash

Nothing could be easier than making a gift of cash to a charitable organization. It is the most common gift and the one you probably think of first. All cash donations are deductible, if you itemize in the year of contribution, maybe even up to 50 percent of your adjusted gross income. Any excess deductions may be carried forward for the next year(s). There are several types of cash donations you can make and the most common is either Annual or year-end gifts, where you make once-a-year charitable donations or near the end of the year.

You can go to “Make a Donation” page of this Website and do it with your credit card or Pay Pal.

Thank you very much.
